

# The Walled Garden

## HARDY PERENNIAL PRICE LIST, March, 2011

The plants listed below are either ready for sale or as growing stock and will be ready for sale soon. At fortnightly intervals, these plants are assessed and if they are showing sufficient growth, they will be labelled and put out for sale in the retail area. They will therefore appear over the next few months, depending on weather.

Prices shown are broadly correct. Check the price on the plant as that is what is ultimately charged. Where no price is given, it indicates that the plant will not be ready for sale for a significant time.
